Request to Extend Special Temporary  
Authority

Dear Licensee:

This letter concerns the request, dated July 2, 1992, to extend the special temporary authority permitting FM Station KRBG to remain silent.

Your letter indicates that you are now entering into a contract with Carolina Communications to sell the station, and that a new application seeking the assignment to Carolina Communications "has just been recently filed." You indicate that "Carolina Communications has stated in the assignment application that it will immediately begin to construct the Class C1 facilities outlined in the KRBG construction permit upon Commission approval and consummation of the assignment." Further, your request certifies that neither Megahype Broadcasting Partnership nor any party thereto is subject to denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988.<sup>1</sup>

Accordingly, the terms and conditions of the Commission's December 12, 1991 letter are extended through October 13, 1992.

Sincerely,

*Dennis Williams*

RE: Extension of Special Temporary Authorization  
Allowing KRBG(FM) at Canadian, TX to Remain Silent.

Dear Glen:

As per our telephone conversation last week, please find a request for an extension of the Special Temporary Authorization allowing KRBG(FM) at Canadian, Texas to remain silent. It is requested that this authorization be extended until Commission approval of the license assignment to Carolina Communications. It is also requested that some time be given to the proposed new licensee to construct the new C1 facilities outlined in an existing construction permit. Carolina Communications does not wish to return the station to the air as a Class A facility. The construction of the upgraded facilities should not take a great deal of time as most of the equipment needed for C1 operation is already on hand and the antenna site is on an existing tower.

If you have any questions, please do not hesitate to contact this office.

Very truly yours,

William J. Pennington, III

In the Matter of  
Megahype Broadcasting Partnership  
KRBG(FM), Canadian, TX  
For Extension of Special Temporary  
Authorization to Remain Silent

# REQUEST FOR EXTENSION OF SPECIAL TEMPORARY AUTHORIZATION

1. Megahype took KRBG(FM) off the air in early 1991. The majority partner in Megahype, Mark Jones, resides in Flat River, Missouri and was not able to provide the "hands on" attention that was need for the station to be operated profitably. At this time, Megahype requested authority from the Commission to take KRBG off the air while a buyer for the facility was located. The Commission granted this Special Temporary Authority on February 27, 1992.

2. The station was immediately put on the market for sale.

On October 24, 1991, Megahype filed an application with the Commission seeking the assignment of the KRBG license and outstanding construction permit to Advent Broadcasters, Inc. (BAPLH-911024HO). During the period that the assignment application was being processed by the Commission, Advent Broadcasters, Inc. informed Megahype that they no longer had any interest in completing the assignment of the station license.

3. Megahype has since requested that the Commission dismiss the proposed assignment to Advent Broadcasters, Inc.

4. Megahype has since entered into a contract with Carolina Communications to sell the KRBG license and associated construction permit. An application seeking the assignment has just been recently filed. As of this date no file number has been assigned to the assignment application. Carolina Communications has stated in the assignment application that it will immediately begin to construct the Class C1 facilities outlined in the KRBG construction permit upon Commission approval and consummation of the assignment.

5. Megahype requests that the Special Temporary Authorization be extended for KRBG so to allow Carolina Communications time to construct the new facilities outlined in the construction permit for Class C1 operation.

6. The grant of the requested extension of Special Temporary Authorization allowing Station KRBG to remain silent would be in the public interest. KRBG, operating with Class C1 facilities, would provide much improved service to a remote and

vastly underserved area of the northeast Texas Panhandle as well as western Oklahoma.

WHEREFORE, Megahype Broadcasting Partnership respectfully requests that the Commission extend the grant of Special Temporary Authorization for Station KRBG(FM) at Canadian, Texas.

Respectfully submitted,

- (1) **"Applicant Name"** - Enter the name (last, first, middle initial) of the applicant as it appears on the original application or filing being submitted with this Fee Processing Form. If company, enter name which is used commercially.
- (2) **"Mailing Address (Line 1)"** - Enter the street address or post office box number to which the applicant wishes correspondence sent.
- (3) **"Mailing Address (Line 2)"** - This line may be used for further identification of the address if additional space is required.
- (4) **"City"** - Enter the name of the city associated with the given street address.
- (5) **"State or Country"** - Enter the appropriate two-digit state abbreviation as prescribed by the U.S. Postal Service. If address is foreign, enter the appropriate country name here.
- (6) **"ZIP Code"** - Enter the appropriate five or nine-digit ZIP code prescribed by the U.S. Postal Service.
- (7) **"Call Sign or Other FCC Identifier"** - Enter an applicable call sign or unique FCC identifier, if any, as shown on your attached application or filing. If applying for a service affecting more than one call sign, enter one call sign only.
- (8) **Column (A), "Fee Type Code"** - Enter correct Fee Type Code(s) from the appropriate Fee Filing Guide. Only one Fee Processing Form may be submitted per application or filing. Inaccurate or erroneous Fee Type Codes may result in your application or filing being returned to you without further processing.
- (9) **Column (B), "Fee Multiple"** - Certain applications and filings may request action with respect to more than one station, license, frequency, or party and can be submitted together with one check if they meet specific conditions. This column is used only if a multiple, i.e., two or more, is being applied for. Examples of when this would be used are renewing more than one call sign, frequency, station, or the transfer of control of more than one station. Refer to the appropriate Fee Filing Guide for additional information.
- (10) **Column (C), "Fee Due For Fee Type Code in Column (A)"** - Enter in this block the amount of the fee associated with the Fee Type Code shown in Column (A) (times (x) the fee multiple, if required).
- (11) **"Total Amount Remitted With This Application or Filing"** - Enter the total of lines (1) through (5) of Column (C). This amount should equal the amount of your check or money order. We will not accept multiple checks.

### HOW TO SUBMIT APPLICATIONS AND FILINGS

o Each application or filing should be assembled with the Fee Processing Form stapled to the top of the application with the check placed on top of the Fee Processing Form. DO NOT STAPLE THE CHECK TO THE APPLICATION OR FEE PROCESSING FORM. Required copies of applications should be clearly identified as "duplicate copy" and placed behind the original package. A copy of an application or filing submitted for receipt purposes only should be placed at the bottom of the submission. Extraneous material and extra copies should be avoided at all times. Failure to abide by these instructions will delay the processing of your submission.

o Completed applications or filings should be mailed to the proper address shown in the Fee Filing Guide for the particular service for which you are applying or making a filing. Applications and filings which are properly addressed to the appropriate P.O. box number may also be hand delivered to the following address. Applications received before midnight on a normal business day will receive that day's date as the receipt date. Deliveries made after midnight on Fridays will not be "officially" receipted until the next Monday. Applications received on weekends and government holidays are dated the next regular business day.

o A single check, bank draft or money order made payable to the Federal Communications Commission and denominated in U.S. dollars and drawn upon a U.S. financial institution must be included with each application or filing requiring a fee. No postdated, altered or third-party checks will be accepted. Do not send cash.

o Parties hand delivering applications or filings may receive dated receipt copies by presenting copies of the applications or filings to the acceptance clerk at the time of delivery. Receipts will be provided for mailed applications or filings if an extra copy of the application or filing is provided along with a self-addressed stamped envelope. Only one piece of paper per application or filing will be stamped for receipt purposes.

### REMEMBER

o A separate completed Fee Processing Form is required with each application or filing except in certain circumstances. Please refer to the appropriate Fee Filing Guide for additional information.

o A wrong Fee Type Code or incorrect remittance may result in your application or filing being returned without processing, or result in the dismissal of your application or filing. Please ensure that FEE TYPE CODES are correct and that your check or money order equals the amount shown in the TOTAL AMOUNT REMITTED WITH THIS APPLICATION OR FILING block before submitting your application or filing.

o If you have any questions completing this form, please call the Fees Hotline, 202/632-FEES.
